# Healthy laptop use

## Create your ergonomic workplace anywhere.

Laptops are ideal for working everywhere. Unfortunately, they are not designed for healthy working and provoke a hunched posture. It's precisely this posture that is stressful for the neck and shoulders. We have developed the R-Go Viva laptop bag, which makes it possible to work healthily everywhere.

Our laptop bag is equipped with a height adjustable stand, so you can elevate your screen to eye level. You will automatically sit in an upright position. The bag is also equipped with extra pockets for a separate keyboard and mouse.

## Social project

By buying the R-Go Viva laptop bag you help people in need. Approximately 20% of the production costs of the laptop bag are donated to the **Agua Viva** foundation. This foundation has a heart for people in need and offers rehabilitation trajects in Brazil. This way Agua Viva is able to give even more people a new chance! This is one of the projects which makes us a **Bcorp!**
